The validity, interpretation and performance of this agreement and the resolution of all disputes and any other matters arising under or in connection with this agreement shall be governed, construed and interpreted in accordance with the laws of France, without giving effect to its conflict of laws principles.  
The Tribunal de Commerce de Paris in France (Tribunal de Commerce de Paris) shall have exclusive jurisdiction and competence over any dispute.  
The Rates are given on the basis that normal business circumstances prevail.

The validity, interpretation and performance of this agreement and the resolution of all disputes and any other matters arising under or in connection with this agreement shall be governed, construed and interpreted in accordance with the laws of France, without giving effect to its conflict of laws principles.

The Tribunal of Commerce of Paris in France (Tribunal de Commerce de Paris) shall have exclusive jurisdiction and competence over any dispute.

The Rates are given on the basis that normal business circumstances prevail.

According to the Agreement, in the event that a material change in circumstances arise beyond the direct control of the Parties (such as, and not limited to, an increase in fuel, in insurance, in fleet costs, the implementation of new taxes or duties), the Parties agree to renegotiate the above rates to properly reflect the business conditions prevailing or to terminate this Agreement should the renegotiation fails.
